

## OILHEAT DEALER REGISTRATION FORM

All North Carolina Oilheat dealers are eligible to participate in UPGRADE AND SAVE - NC, regardless of affiliation with NCPCM. The program is not available to the public except through a local Oilheat Dealer with a current, valid Heating Contractor number. The dealer is responsible for documenting that an eligible installation has been performed, and for providing Customer Rebate Acknowledgement Form.

**All dealers wishing to participate in the 2017 UPGRADE AND SAVE – NC Energy Efficiency and Safety Rebate Program must register with the program between July 17, and August 18, 2017.** NCPCM dealer members in good standing will be automatically registered in the program, but are required to provide additional documentation by August 18, 2017. Registration may be completed at [www.UpgradeAndSaveNC.com](http://www.UpgradeAndSaveNC.com).

Incomplete forms will not be accepted. False or misleading information may suspend a dealer from the program.

**This form does not ensure dealer of availability of rebate funds, nor is this form an application for a rebate. Dealers must have each rebate pre-authorized before beginning the project, and must complete and submit a rebate application upon completion, including Customer Rebate Acknowledgement Form.**

Fuel Oil Company: \_\_\_\_\_

*False or misleading applications or information may be grounds for suspension from the program.*

**\*DISCLAIMER:**

*The Oilheat Dealer agrees to comply with all laws, rules and regulations governing the rebate program, installation of the qualifying fuel oil fired appliance or aboveground storage tank with the manufacturer's installation instructions. The North Carolina Petroleum & Convenience Marketers assume no responsibility whatsoever for the installation, inspection, or testing of the qualifying appliance or any associated oil storage/piping system and, by issuing a rebate, make no representation, warranty or guarantee regarding the qualifying appliance or the associated fuel oil storage/piping system. The North Carolina Petroleum & Convenience Marketers disclaim any liability for any personal injury, property damage, business losses or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly arising from the installation of the qualifying appliance. This rebate is not affiliated with any other HVAC rebate programs.*
